

**Message from the Headteacher:**

Our thoughts are with the residents of Pontypridd and the surrounding areas following the severe floods over the weekend. As a school we are trying to identify those families & pupils who require our assistance.

If you have been directly affected by the floods, then please contact the relevant Head of School. We will then coordinate individual support to you and your child / children before the start of the new half term.

Lower School, Mrs E. Howards:
